

Gate Closing Strut

SKU: GSB
Category: Gate closers

DESCRIPTION

The reliable and long lasting GSB gate closer is ideal for closing gates up to 175lbs. Simply weld or screw fix the brackets to the gate and post and fit the closer the brackets.

- Adaptable – The closer comes with either weld on or screw fixed brackets for fitting to a range of different gate types
- Reliable – A proven closer that has been closing gates regularly for many years
- Adjustable force – No need to release gas, the closer can be moved along the brackets to increase or decrease the force. This means the strength of the close can be adjusted
- From experience these closers can close much heavier gates if the hinges are free running. Contact us on the product enquiry form if you are unsure on your particular gate.
- Easy to fit – Adjustable brackets also mean there is no need to compress the strut when fitting to a gate
